Dog Show Has Been a Success—Cups Are Awarded.

Friday was the big day for the Topeka Kennel club dog show now on at the auditorium, though the management expect that the attendance today, which concludes the meeting to surpass that of yesterday. The silver cups, thirty-two in number were awarded last night and this added an interesting feature to the program of the day.

Tonight the winners of the cups will receive their awards and it is expected that this will bring out another record breaking crowd as the winners will be shown in the ring at this time by their owners. Though there are many out of town dogs in the show the first place was awarded to Shawnee Chief, a pointer owned by S. F. Hogue, and he was declared to be the best dog in the show by Judge Clayton.

Shawnee Chief was awarded the "White Cup" which must be won three times before it becomes the property of the possessor as well as two other cups and numerous blue ribbons. In the contest for "best dog" in the show there were seven entries in the pointer class to which Shawnee Chief belongs, many of them according to the statement of Judge Clayton, worthy of a high place in the best shows of the country. The prize winner is not only owned in Topeka, but is a Topeka bred dog, having been sired by Klowna Chief, another Topeka prize winner.

The silver cup offered by W. F. Roehr for the best dog in the show was won by the trophy won by Shawnee Chief. W. Wikid's cup for best greyhound in show was won by M. Neff's Irish setter. E. Jewell's cup for the best English setter in the show was won by Mabel Hill's Queen. Mrs. C. W. Merriam's cocker spaniel Gipsy won the J. C. Harmon cup for the best cocker spaniel in the show. The cup offered by Dean Kaye for the best collie in the show was given D. G. Trench's Trelawney Sylvia. Dr. McClintock's cup for the best dog or female collie in local class went to Dean Kaye's Olympian Hector. The bronze medal offered by the Collie club of America for the best dog went to H. W. Clapham's Glamour Conqueror.

In the bulldogs, the cup offered by J. B. Hedges for the best dog in the show, went to James H. Hick's Lord Burley, Jr., the \$5,000 animal. Cole and Holcombe won the Arthur Mills cup offered for the best bull terrier in the show. Cole's Viking bringing them the cup. The Drechsel Shoe company's cup for the best Boston terrier in the show went to Mrs. E. J. Hayes' Vuelta Monarch. The Crosby Brothers cup for the best fox terrier in the show was won by W. H. Maxwell with his Oxford Rescue. And the cup of the American Fox Terrier club went to I. W. Weathers' Dewey W. Dr. S. G. Stewart offered a cup for the best Irish terrier in the show and it was taken by D. D. O'Gorman's Celtic Bard. The cup offered by William Hedges for the best English toy spaniel in the show went to Mrs. H. Hackney's Flossie Wee, a winner of distinction at last year's show. The George W. Stanfield cup for the best toy poodle in the show was given Miss Katherine Bennett's Flossie. The Elks' club cup for the best dog or female in the ladies' class, was won by Miss Hermann's Candy. The cup offered by S. Friedberg for the best pointer in the show owned in Shaw-

new county went to O. E. Hungate's Mine Jules, also a conspicuous winner at the last year's show. Dr. Lindsay's cup for the best Scottish terrier went to James Cole's Heather Lass. The Topeka Kennel club's \$15 in gold was awarded to Mrs. C. S. Cross of Emporia because she had the largest string of dogs in the non-sporting division outside of Shawnee county. R. A. Holcombe of Kansas City, Mo., won the \$15 gold of the Topeka Kennel club for the largest string of dogs in the sporting division, barring those of Shawnee county. Mr. Holcombe also won the \$25 in gold for the largest string of dogs in the show, Shawnee county animals excluded.

WOULD HAVE MONEY TO BURN

If New York Could Collect Her \$102,834,320 in Back Taxes.

New York, Feb. 29.—New York city has \$102,834,320 due for back taxes. This statement is vouched for by City Comptroller Marx. Of this amount \$29,816,153 is in taxes assessed on real estate; \$47,848,489 on personal property; \$1,118,663 taxes on real estate owned by corporations and \$24,531,013 in special taxes on franchises. It is estimated that if the city could collect the amount due it for taxes there would be plenty of money with which to build the subways which the people in the outlying districts need.

HELD FOR EMBRACERY.

Charged With Trying to Influence Juror in Capital Case.

Harrisburg, Pa., Feb. 29.—The arrest last night of E. C. Humphreys on the technical charge of attempted embracery may be followed by additional arrests on a similar charge during the day. Humphreys is alleged to have attempted to influence Albert A. Poist, one of the jurors in the state capital conspiracy trial. Private detectives who have been watching Poist saw a messenger call at the juror's home yesterday morning and saw the patroness of the show leave the house the detective asked from whom he had received it. He reluctantly designated Humphreys. Yesterday afternoon the detectives saw Poist and Humphreys enter a saloon near the court house and engage in conversation at a table.

The detectives alleged they heard one of the men say: "I think \$150 is a fair price."

This remark led to the arrest of Humphreys several hours later. He says he and Poist were discussing a business transaction involving the assignment of a patent in which Humphreys is interested. He has bought one-fourth interest from Humphreys for the nominal sum of one dollar. The assignment of the patent and other papers bearing out the assertions of Humphreys were found in his possession.

As a remedy for coughs and colds and healer of weak, poor lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at all druggists. Trial bottle free.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty.

Cost Nothing to Try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it distends the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal for the most part of the day is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."
